

# Welcome to *Stanly County, NC!*

Stanly County is a diverse area with many things to offer a newcomer. We are home to Morrow Mountain State Park (#7 tourist attraction in North Carolina), three beautiful award winning vineyards, two pristine Lakes, which offer over 10,000 acres of water and 200 miles of shoreline, two gold mines and numerous outdoor adventure opportunities. To add to the list, Stanly County boasts an excellent educational system and the finest Medical Care anywhere.

Our nights come alive with the sound music! From the voices of the Stanly County Chorale and the theatrical performances by the Uwharrie Players we offer entertainment to every generation. Arts Guild displays and a variety of performances at our Agri-Civic Center also provide entertainment for visitors and residents alike.

If nature is what your looking for, then walk the trails at our state and city parks or bicycle through our scenic countryside. Stanly County is a wonderful place to live, work, and play. We hope your stay, whether it be weeks or years, is an enjoyable experience.
